

ABOUT US

Splenor Starch LLP is a specialty starch solutions company situated in Wankaner (GUJRAT). We convert what seems like an everyday thing called starch into products that find application in industries such as paper, food, oil drilling, textiles, pharmaceuticals, adhesives to name a few. As a global enterprise, our presence is in more than 44 countries like United Arab Emirates, Kenya, Jordan, Bahrain, Thailand, Sri Lanka, USA, Australia, and various others where we export our products.

Mission

Our mission is to provide best quality and world-class product to help customers to realize their dreams. The goal is to keep working towards creating products that transform the world into a better and happier place. We aim to deliver cost-effective solutions that meet the demands of our clients as well as society.

Vision

our prime vision is to continuously improve the quality of products and to constantly increase customer delight is our prime vision. Offering exceptional service in sales and support to bring pride and joy to our customers.

Values

Customer value models are not easy to develop. But the experiences of suppliers that have built and used them successfully suggest several guidelines that we believe will be useful to any company attempting to define and measure value for its customers.

Trust

It's hard to quantify exactly how important trust is for a business. We are well aware that trust is hard to gain and only moments to lose. Therefore we make sure that trust and relations with customers should not affect.

Innovation

We always try to implement new ideas and improving the quality of our existing products. It's all about never giving up and constantly aiming for higher. We always try to the implementation of a new marketing method involving significant changes in product design or packaging, product placement, product promotion or pricing.

Customer Centric Approach

Our customers mean everything to us. We always try to satisfy the expectations of our customers in terms of quality, value for money and delivery. We put the customer first and at the center of everything that we do.

Sustainability

Business sustainability, also known as corporate sustainability, is the management and coordination of environmental, social and financial demands and concerns to ensure responsible, ethical and ongoing success. We not focus only on making product but also taking care about environment not to be polluted.

Diversity and Freedom

When companies are more diverse, they become better able to win top talent and improve their customer orientation, employee satisfaction and decision making. This leads to a virtuous cycle of increasing profit. Organizations with an inclusive and diverse workforce produce stronger ideas, genuine customer engagements, and higher financial gains. Which in turn, allows a company to develop deeper connections with their consumer.

INFRASTRUCTURE

With latest modern technology and World-class infrastructure, we are committed to provide you the best quality. We are located in Wankaner-Gujarat. It is well-connected with roads, rail, and air which act as a huge advantage. We are in proximity to business hubs such as Ahmedabad, Baroda, Surat, Vapi, Bharuch, Rajkot, Gandhidham, Mumbai and others. The largest ports of India such as Kandla, Mundra, Pipavav and NhavaSheva (JNPT) are in the vicinity as well. The strategic location of the plant helps us cater to the huge demands of domestic as well as international markets. Kandla Port and Mundra Port are at a distance of 140 km and 180 km away respectively from our plant.
